Bill was born April 1939 and was adopted in November 1939.

Trained as a Civil Engineer and qualified in April 1968. Has worked on design and construction in the Nuclear Power Industry and then in Local Government on roads and industrial infrastructure until 1986 when he joined Sheffield City Council and oversaw the training of upcoming engineers and technicians in many disciplines. Has also trained people to respond to Disaster Relief Works overseas and ended up working in Azerbaijan for a brief period among some of the muslim war victims of the ongoing Nagoro-Karabakh War.
