“From a hatred of God to discovering the love of God.”

Born in Pitlochry Perthshire. Finlay's father was a drinker, a gambler, and a wife beater. His young years were difficult with health issues. The death of a younger brother brought sadness, which left him hating the church and God. He met and married a Christian lady. He saw her so touched by a simple scripture which resulted in his curiosity being awakened, which in turn gave him an amazing experience with God, through his son Jesus Christ. This was followed by joining a church then the F G B.

He has been used as a speaker in many types of groups with a ministry for healing, deliverance, words of knowledge and salvation. The change that God has made in his life is truly amazing.
