miraculous healings at this  
meeting: bring the sick!**

Born on the island of Mauritius, he grew up a Hindu. Witchcraft curses took his brother and sister, who both died and he too came close to death. Teeps, as he prefers to be called, thought that God was a cruel God. However, after the witchdoctor's curses, which led to him having a brain tumour, with loss of sight and unable to eat, or drink, he believed in Jesus: he was healed and set free from the curses!

**Try Jesus: Teeps did and look what happened!**
